## G | DRIVE™ mini

### High-Speed Portable Drives for Content Creators on the Go!

G-DRIVE™ mini is the perfect storage solution for those on the go who demand the highest performance possible from their mobile storage device. Featuring a 7200 RPM hard disk, G-DRIVE mini is the ultraportable, high-performance solution designed specifically with the content creator in mind. The all-aluminum enclosure protects your valuable data from the bumps and bruises encountered on the road, and the system is bus powered, eliminating the need to carry an external AC adapter. The drive features high-speed FireWire and USB, and a built-in heat sink silently dissipates heat.
